Yr Ysgol John Frost
The John Frost School

Introduction

At The John Frost School we are proud of ourselves; proud of our school and we recognise that students achieve more when our school and our parents are working together. This partnership is a cornerstone of our whole approach; it will be based upon trust, mutual respect, communication and understanding.

We as a school will honour our responsibilities in the sure knowledge that parents will be more effective helpers in their child's education if they know what the school is trying to achieve and how they can support our aims.

For its students the School will:

- Provide a rich, stimulating, secure and safe learning environment in which there is opportunity for all to achieve success and to develop their full potential
- Give access to a broad and balanced curriculum
- Provide high quality teaching and extra support where needed
- Ensure equality of opportunity for all students to participate in school activities
- Keep students regularly informed as to their progress and will set realistic targets for improvement
- Treat students as individuals and will recognise that they have individual needs
- Listen, take seriously any concerns properly reported and act upon them

For its parents the School will:

- Communicate regularly to inform parents about their child's educational progress, attendance and welfare
- Acknowledge, investigate and respond to any concern within three working days
- Keep parents informed of the activities of the school, particularly noting any changes to existing practices
- Actively seek the views of parents about how the school can improve
