

Recruit Recover Raise Standards Plan (ALP) 2023/2024

The Welsh Government have awarded all schools in Wales with extra financial support to reduce the impact of the pandemic on students' learning.

At The John Frost School, the Recruit Recover Riase Standards Grant will be used to support students in greatest need, especially those preparing for upcoming examinations and vulnerable and disadvantaged students.

The key areas of focus are:

- To support the improvement of students' literacy skills
- To support the improvement of students' numeracy skills
- To support our students' well being
- Share good practice with other schools
